# “New” DAKOTAH TRUCK BED”

The new  
*“Dakotah”* Truck Body  
encompasses all that you're looking for in a flatbed. For our valued customers, we've updated our headache rack - now tapered for less wind resistance, and added cut-outs at the top for a brake light and two cargo lamps.

We have redesigned the body to include outside stake pockets on sides and the rear, and our clearance lights are recessed flush with the rub rail.

If you're looking for quality and pricing that can't be beat, look no further. Call **Rugby®** and ask for the *“Dakotah”* Truck Body.
